

SHINE BRIGHT WITH S.T.A.R. FEEDBACK!

S

SPECIFIC

Pinpoint the behavior or skill, e.g. "Your compression depth was great, but pacing needs work."

T

TIMELY

Give feedback soon after the event to maximize its impact.

A

ACTIONABLE

Provide suggestions for improvement that can be put into practice.

R

RESPECTFUL

Maintain a positive, empathetic tone in your feedback.

"Great job stabilizing the patient! Next time, try assigning roles faster to start the code in under 30 seconds. Let's practice this week. Keep up the awesome teamwork."
